

## How to use Guide

This is a guide on how to use the shopping planner website – ShopWhiz.

- A new user needs to first Sign up to use the website. Click on 'Don't have an account? Sign up' link and enter the email id and password. Then click on Sign up button to create a user account.
- All existing users of the website can sign in using their email id and account password.
- Once user logs in, they can click on 'Create a new list' button to create lists of shopping items. A window opens where the user can enter their Product name and description, and then submit. Once submitted, a new list is created.
- All created lists are shown on the list page.
- To delete a list, user can click on the delete icon on a list.
- Clicking on the more on a list, takes the user to that item's page.
- Here users can click on 'Add item' button to add different types of an item from different websites, their prices and their link.
- The added item can then be seen on a table. This lets the user compare prices of different items.
